I cannot believe the police couldn't tell Scott was and is lying. My first husband had a way of lowering his eyelids when he talked and I thought he was so handsome when he did that and after we were married I found out everytime he did that he was lying. Look at the picture of Scott when he is standing by the fence talking to the police and when he was on TV with Diane Sawyer.

It is so smokey here I can hardly breathe. Temp is 74 today.

Tell me why Scott Peterson is any more priviledged than any other muderer, why can't he be put where he belongs. This is just another scheme by his attorney to hold off after he was given a more than fair a trial, he has been treated like a king, more than a common criminal.

He is so out of a horror movie just like his lead attorney, both are crazy. Why does the judge keep giving them time, time and more time when he knows he is a murdering Pit Bull. He is so guilty and needs to spends years in Alcatrez walking free where they can tear him up like a Pit Bull and leave nothing but a few tubes hanging on his bones. Conner was so beautiful just like Laci to be left to be eaten by whatever wanted to eat on them and then have dogs gnaw on his sorry bones.

Wha a sorry mess this trial has turned out to be, I guess they think they will finally keep on and people will forget. Oh, no he will be never be forgotten until his family pick up his sorry remains and dispose of them in a beautiful cemetery, he belongs in a garbage dump like all the rest of the sorry rats

I to believe the big reward is a big farce. They could make the reward a million dollars if they wanted to and no one would be able to get it because the guilty person is where he belongs.

Things take time but as me I hope I am alive to see the slimy so and so get his day with the needle.

Subject: HI

About Laci's last hours -

My sources tell me she found out Dec 23th - that Scott was cheating on her - though she had known it along time... Laci did not want her mother to find out what shed known for monthes...

Scott was increasingly aggitated by his pregnant wife - He was also afraid his lifestyle of free sex would change once Conner arrived... Laci knew the night of Dec 23rd - and confronted her husband about his lies and about the boat... She more or less told Scott that once the holidays were over - she would seek single custody of their son - she wanted a divorce - She intentionally did not tell her mother that night - not wanting to spoil the Christmas -

Scott did not want to kill her - but relaised he had to in an emotional exchange that left him with torn ring fingers... Laci fought back - but his strong grip had strangled her... She had a rather brief pre birth, as he scooped Laci up in the rug after strangling her - later on the 24th - hed clean the floor -

So it was too cold to go golfing - yet Scott took the boat out into the bay that cold morning - before sunlight - he dumped their bodies - wrapped in duct tape and secured by cement - He figured no body would be found -

He never loved Amber - she was simply someone like many - that he led on an emotional roller coaster - Scott didnt care - ask his parents - he did not learn to walk til he was three - because they all carried on the golden child...

Scott loves sex - its all a game to him - even the lies he tells his own lawyers - he doesnt care - its a game to him - that he loses -

It was all about Mercedes and cash and wearing the nicest suits - for Scott could lay there so innocent in Laci's living room with her parents - after having sex and going to a Christmas Party the night before with Amber... I cant wait til it all comes out -

As for his sick demented mother Jackie - you rot in Hell too - you had the nerve to send sicko recipes of Laci's to anyone that believed in Scott... Well lady - your son is a murderer you need to accept it and stop invading the lives of innocent people - accept the fact you raised a monster...

This is truly a tragedy to all involved - but my God - i Hope to hell Scotts parents realize they have a devil for a son - and stop tormenting Laci's family - Hes guilty - I have done so much study on this case and I have no doubt - this self centered bastard killed his wife - mom and dad Peterson - youd best accept it - your ego sex addict son is a murderer

Hi,

I read your article about the cult theory for Laci Peterson's murder. I think the people of this Salida Cult are just crazy people. Crazy people can kill just as well as people with a "label" such as "cultist". Label or not, killing can be done by anyone. It would be easy to pin the murders on Scott. Laci probably talked with the killers, saying that her husband had gone fishing and mentioning the place. Viola....guess where the killers are going to put the body...in shallow water next to the beach where Laci was found and close to Scott's fishing spot. Sincerely, [REDACTED]

IT'S TIME TO PLAY WITH SCOTT PETERSON'S HEAD

There are psychological tricks to do to him. If he did kill his wife and his memory just doesn't recall it, you need to find his wife's most favorite and always worn perfume. Have someone wear it in court. If Laci and Scott had a favorite song, a guy who is rooming in or near his jail cell needs to be playing it all the time.

My friend said to get a Laci look alike to sit in court. It's really time to play with his head.

I used to live in Fresno for 10 years. It really ticks me off that guys are getting away with this. An old man was suspected of killing his wife and planting her body near River Park. Another man was finally caught for killing his wife in Fresno. They found her rotted body in his house in a closet wrapped in plastic. I'm sick of it!!

Subject: DEATH PENALTY

Hello Garth Stapley,

It is really the most sickening topicMURDER & MURDERER.

Laws, which are drafted & implemented are supposed to protect PEOPLE ALL OVER THE WORLD but in the case of murder in the US, laws can be broken & lawyers, judges, attorney general, families, can sway the verdict. If you talk about biased people, the US is full of it, if you talk about racism, the US is full of it too. US LAWS, WHERE ARE THEY???

In the LACI CASE, SCOTT should be hunged without further ado. Why should he be set free if after lengthy research & findings & evidence are all there. WHY should the family, especially knowing your child, you brought into this would be taken away BRUTALLY by some sickie be freed?

I have three daughters & if I had a case of this & my daughter is murdered by some sick maniac, I would personally go after the bastard if the law is lax with the verdict especially after knowing how he killed your child. There are so many psycho's out there & for whatever the reason will kill because the sickie cannot control themselves. Dont have to go that far to see the wild wild west kind of creatures, just take a walk downtown LA after sunset, you will be so frightened with the sight of really sickie people.

If the country had laws that says murders should be put to death, then why not do it? If a person is found guilty for murder what is the reason for stalling? Why must the person appeal?? Is it not a waste of government funds to prolong? Finally, if you dont do it the crimanals will just keep doing it because they know the law is not serious. There is such a thing as LOOP HOLES in the system.....WHY??

Are you not afraid for your family knowing the bloody killer is out there still? We see & hear of gruesome crimes committed everyday all over the globe, how else can the world be a safer place if they are left loose? They are given a chance to live a normal again? ARE THEY NORMAL PEOPLE? IT IS IN THE GENEShave you heard this too??

Please go out & tell the people about LAWS & CRIMANALS, fight this so we can have a safer place to live in free of sickies.

I have just sent a letter to the Modesto Bee giving my views on the Scott Peterson case. I hope the prosecutors in this case see it. Amber Frey is NOT the motive for this murder. Scott DID NOT want to be married---- Amber was just another fish on his string of affairs, and the one who triggered the "escape" for Scott. Scott DID not want a biological child, to pay support to, DID NOT want a divorce--- to pay alimony, and lose his house, etc. DID want Laci's inheritance and insurance to continue the play-boy lifestyle that he has lived all his life---- married or not!! I worked in psychiatry for years--- I can spot a sociopath miles away. He has NO CONSCIENCE--- therefore he can do all the cold, calculating things he has done without any show of emotion. He has completely distanced himself from any guilt in this killing. [REDACTED] Westville, Ill. [REDACTED]
