

FOUR GANGS IN SOUTH MODESTO

-  **Deep South Side Norteños**
-  **The Parklawn Boys**
-  **O.G. (Original Gangster) Locos**
-  **Barrio South Side Modesto**

Froilan Mariscal, a district attorney's office gang investigator, grew up in south Modesto and has a clear insight on the gangs that are entrenched in his old neighborhood.

For more than 20 years, he said, south Modesto has been carved into four factions of the Norteños street gang. He said the gangs have different names, but they all operate under the umbrella of the Nuestra Familia gang based in Pelican Bay State Prison.

The prison gang creates the ground rules for the soldiers on the street to regulate criminal activity and the profits the crimes produce.
