

ALMOND CROP

California harvest (pounds)

2001		830,000,000
2002		1,090,000,000
2003		1,040,000,000
2004		1,005,000,000
2005		915,000,000
2006		1,120,000,000
2007		1,390,000,000
2008		1,630,000,000
2009		1,410,000,000
*2010		1,530,000,000

* Projected

■ California produces about 80% of the world's almonds. They are the state's No. 1 farm export.

■ The 2008 almond crop was valued at \$654 million in the Northern San Joaquin Valley, second only to milk.
